

HIP CARTILAGE MEETING

Chairman: Dott. Andrea Fontana

National and International Speakers

Palace Hotel, **COMO**

15-16 September 2017

PROGRAM

HIP CARTILAGE MEETING

Dear colleagues,

I am pleased to announce the Hip Cartilage Meeting that will be held in Como, Italy, from the 15-16th September 2017.

The Hip Cartilage Meeting is completely focused on hip chondral lesions, from their anatomical and histological characterization to the treatment options. This is a special international forum for attendees to share scientific information and learn about the latest advances on this field. The one and half day course includes lectures from the major specialists in hip preservation surgery. Specific and innovative topics, such as Hip Mapping System, Cartilage defects and Femoro Acetabular Impingement classification, are described and discussed in an interactive way. 3 live surgeries are scheduled to show the application of the AMIC technique for the treatment of acetabular chondral lesions.

The main goal of the Hip Cartilage Meeting, is to give the attendees the best update on diagnosis, clinical evaluation and treatment of hip chondral lesions.

Please visit this website: www.hipcartilage.com, for continuously updated information.

I look forward to seeing you in Como.

With my best wishes

Dr. Andrea Fontana
Chairman, Hip Cartilage Meeting

FACULTY

Acerbi Alberto *Lanzo d'Intelvi, Italy*

De Girolamo Laura *Milan, Italy*

Field Richard E. *London, UK*

Fioruzzi Alberto *Pavia, Italy*

Fontana Andrea *Lanzo D'Intelvi, Italy*

Griffin Damian *Warwick, UK*

Jannelli Eugenio *Pavia, Italy*

Massé Alessandro *Turin, Italy*

O'Donnell John *Melbourne, Australia*

Pedretti Leopoldo *Milan, Italy*

Peretti Giuseppe *Milan, Italy*

Philippon Marc J. *Vail, USA*

Piccioli Andrea *Rome, Italy*

Randelli Filippo *S. Donato M., Italy*

Sadri Hassan *Lausanne, Switzerland*

Santori Nicola *Rome, Italy*

Somers Jan *Ieper, Belgium*

Thorey Fritz *Heidelberg, Germany*

Villar Richard *Cambridge, UK*

- 08.00 Introduction to the course - **A. Fontana**
- 08.07 Why to treat hip chondral defects? - **R. Villar**
- 08.15 Joint Anatomy - **G. Peretti**
- 08.30 Histology - **L. De Girolamo**
- 08.45 Classification of hip chondral defects – **F. Randelli**
- 09.00 Exercises - **A. Fontana**
- 09.15 Mapping the hip - **D. Griffin**
- 09.30 Exercises - **A. Fontana**
- 09.45 The synovial flow - **R. Field**
- 10.00 Coffee Break
- 10.30 Diagnostics - **J. O'Donnell**
- 10.42 The scores - **F. Randelli**
- 10.54 Osteotomies and Cartilage - **A. Massé**
- 11.06 Pre-operative recognition of patients with acetabular chondral defects - **R. Field**

- 11.18 Finite element analysis - **H. Sadri**
- 11.30 The transition zone - **M. Philippon**
- 11.42 The AMIC technique - **L. Pedretti**
- 11.54 Relive surgery AMIC - **F. Thorey**
- 12.40 Lunch
- 14.30 Message from the SIOT (Italian Society of Orthopaedics and Trauma) - **A. Piccioli**
- 14.40 Most frequent localization - **A. Acerbi**
- 15.15 Microfractures - **D. Griffin**
- 15.27 The scaffold (Chondro Gide) - **A. Fontana**
- 15.39 MSC and regeneration - **L. De Girolamo**
- 15.51 Exercises - **A. Fontana**
- 16.00 Delamination - **E. Jannelli**
- 16.12 Treatment of delamination - **R. Villar**
- 16.24 Treatment of the flap - **A. Fontana**
- 16.36 Exercises - **A. Fontana**

- 08.30 Pincer and cartilage - **N. Santori**
- 08.42 Cam and cartilage - **J. O'Donnell**
- 08.54 Labrum and cartilage - **M. Philippon**
- 09.06 Periarticular lesions and cartilage - **N. Santori**
- 09.18 Exercises - **A. Fontana**
- 09.30 FAI classification - **A. Fioruzzi**
- 09.45 Exercises - **A. Fioruzzi**
- 10.00 Coffee Break
- 10.30 Pre-op planning - **A. Fontana**
- 10.45 Relive surgery "Micro-fractured adipose tissue technique" - **A. Fontana**
- 11.30 Relive surgery the AMIC technique with balloon - **J. Somers**
- 12.15 The importance of evidence based medicine - **D. Griffin**
- 12.30 Final remarks - **R. Villar**
- 12.45 Closure - **A. Fontana**
- 13.00 End of the Course
